

Leicester Secular Society

HOW TO FIND US

Secular Hall, home of Leicester Secular Society, is very easy to find on Humberstone Gate. It is directly opposite Sainsbury's supermarket and is a distinctive Victorian red-brick building. Its location is shown by the red spot and arrow on the map below.

There is plenty of public transport serving the city centre, including bus stops right outside the Hall and several bus stations nearby.

The railway station is about half a mile away (also shown on the map). There is nearby street parking (free after 6pm on weekdays and all day on Sundays, and metered for stays of up to three hours at other times) and several car parks, multi-storey and open-site. You will need to work out your own journey details but assistance can be gained from the internet on the following site: www.transportdirect.info

The Principal Aims of Leicester Secular Society

Challenging religious privilege and dogma: We advocate the separation of religion and state, proper representation of people with no religion, the ending of privileges for religious organisations and the secularisation of 'faith' schools. We challenge religious teachings that divert people away from reality.

Defending rationalism and free speech: We believe people should be free to express and publish their beliefs, however controversial, without fear of prosecution, persecution, or physical harm, as long as they accord the same rights to others. Anyone should be prepared to submit their views to vigorous debate, questioning of their evidence and testing of their conclusions.

Working for justice and fairness: We believe our efforts should be devoted to the elimination of human misery, injustice, poverty and ignorance in the world as it is here and now. We oppose unfair discrimination, bigotry and coercion based on factors such as beliefs, racial or ethnic origins, disability, sex, age, sexuality, or lifestyle.

Promoting a morality for life: We believe moral values and virtues like fairness, kindness, loyalty and honesty arise from people needing to live together in peace and harmony, not from any religion. Moral rules must be judged by their consequences for people now, not by their appearance in the 'holy' writings of ancient societies.
